**RE: Maudlin Park – No Parking Areas**

The City of Royal Oak has authorized Verdeterre Contracting, who is performing SOCWA water main work on 14 Mile Road to use Maudlin Park as a storage area.

In order for Verdeterre to have adequate access to the park, the city has allowed them to prohibit parking on areas of Samoset Road, Cooper Avenue, and Buckingham Road when they are working from 7 AM to 5 PM.

The placement of no parking areas is needed for the contractor to have enough room for truck and equipment to safely turn corners from the Maudlin Park construction storage area.

If you have any questions, please call the City of Royal Oak Engineering Division at 248.246.3260.
