Math, Science: the equations of our universe

Because of their relationship to each other, math and science have been combined. The reason you can not take physics before you pass algebra is because you need the knowledge of math and apply it to physics. For example, how can you find the variable Z when you don't know what X and Y are.

- 1) **LYNN JAHN AND Heidi Tamm** put their problems on the board to assist the rest of the class.
- 2) **IN THEIR HONORS** senior math class, Nina Jakobowski points out a few problems for Chris Nesbitt to help review for the Michigan Math Test.

DEDICATION

'81 class thanks Mrs. Parker for her deep concern

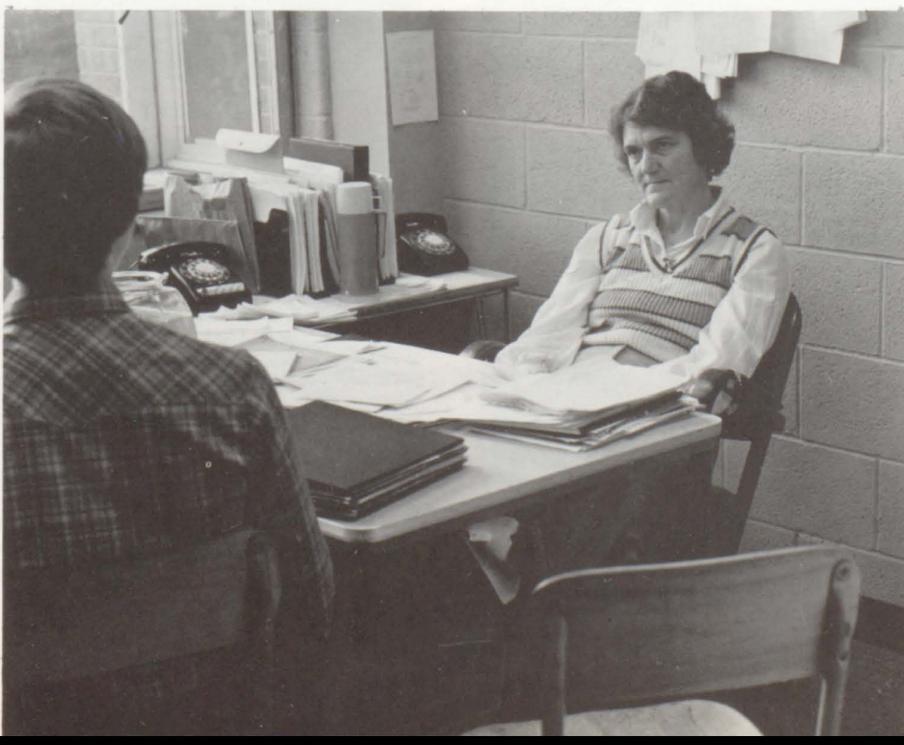

Earning the dedication of the yearbook is an honor given to only one person who the senior class of 1981 feels has devoted an extra something to her duties at Kimball.

THIS YEAR THE honor was given to an outstanding member of the counseling staff, Mrs. Louise Parker. She started at Kimball as a physical education teacher, changed to counseling in 1972, and this past year was head of the counseling staff.

THE OCCUPATION OF counselor allows her to get involved with the students. Whether the problems brought to her attention involved school, social, or family life, she knew how to help deal with and solve them.

THE CLASS OF 1981 sincerely appreciates this care, and thanks Mrs. Parker for her special interest.

CANDIDLY

Remember the faces and names of your friends

One class in Kimball and every other high school, seems to stand a cut above every other class: the Seniors. They are looked up to by every underclassman who is waiting to be there himself.

THERE ARE 500 Seniors in Kimball, each representing the class in his own way. Some are athletic, some intellectual.

THE SENIOR CLASS has been dwindling each year, but no matter how small it gets, it will still be looked up to and admired, and represented by individuals who interpret in their own way what it means to be a Senior.

WE HOPE THAT each member of the 1980-81 Senior Class will leave Kimball with fond memories, and in turn leave behind an attitude and pride that will be worthy of being continued next year.

Throughout high school, the most memorable time is your senior year. It's important because it marks the start of college or a full time job. It's a time to start assuming responsibilities but also a time to enjoy our last year with our friends that we've made.

1) **BEING IN AN** orchestra and working with other musicians is great practice for bass player Keith Bean.

2) **LORI LYNCH TELLS** Santa Claus, alias Bill Kramer, what she wants for Christmas.

3) **WITH ALL THE** snow piling up around the school, the Fadada Dominion Party of the Team Government Senate couldn't resist a snowball fight.

4) **ART CAN BRIGHTEN** up everyone's world. Lisa Wade does just that by painting an abstract on a large scale.

5) **PORTRAYING PENS** larger than life is artist Lynne Goswick.

6) **JOHN MAKINEN** and Mike Seidel cheer Becca Wyatt onto victory at the Pontiac Silverdome with a huge banner.

For three years the class of 1981 has looked forward to Senior Dress-Up Day and coming to school in their Halloween costumes. Half the fun of the day was the entertainment that it provided for the underclassmen. Most of the teachers, being the sweet people that they are, just sit back and grin and bear it.

1) **TERRY WRIGHT**, IN her clownly garb, gets ready for the big catch.

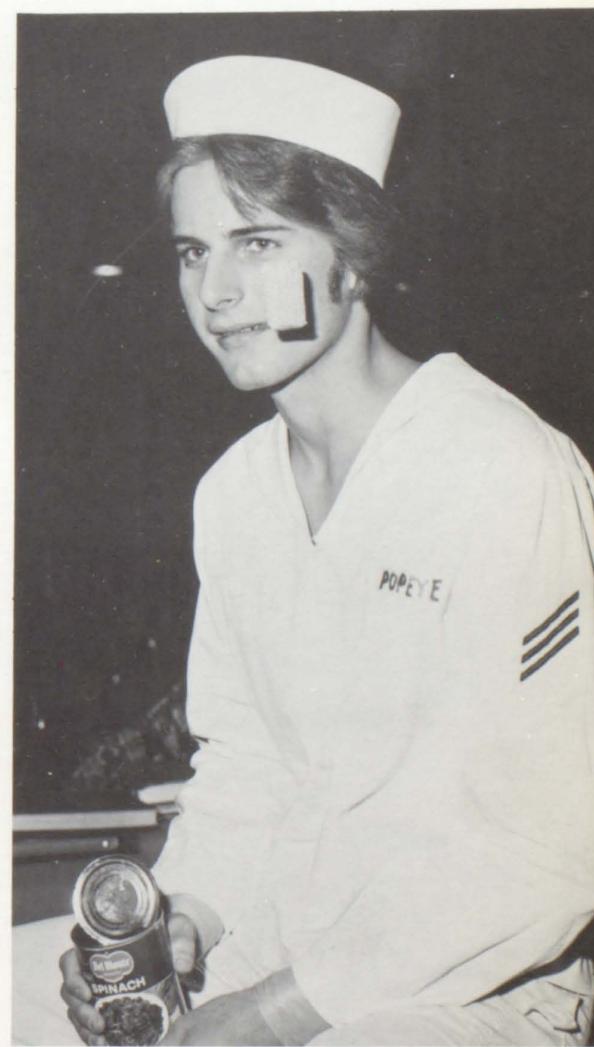

2) **DRESSED AS THREE** colorful Crayolas are Alison Rogell, Chris Truran, and Mary Curran.

3) **LISA SHORE**, THE Smurf, gives a giant smurfy smile.

4) **CLOWNING AROUND ON** Senior dress up day is Lynn Goswick.

5) **JENNIFER COCHRAN GIVES** Winnie the Pooh a bear size-hug.

6) **STEVE CUNNINGHAM, ALIAS** Popeye, puffs on his pipe after finishing off a can of spinach.

GANG OF FOUR

OFFICERS

SPECIAL EDITION FOUR-TRACK EP

Senior officers lead classmates

Electing senior class officers is one way that the student body can control certain aspects of their senior year. Students vote for the people who they think will efficiently serve and listen to the needs of others.

1) **ASSISTING WITH MAJOR** problems throughout the year and taking over the president's job when he was absent was vice-president Peggy Carroll.

2) **CAROLINE COLE**, AS secretary, helped other officers and maintained a certain amount of organization.

3) **MS. CORNELL HAS** worked all year by advising each of the officers on different situations.

4) **BEING TREASURER OF** her class included many responsibilities for Lori Lynch. Balancing the books, keeping tabs on school funds and paying bills kept her busy at all times.

5) **MARTY DRURY DEDICATED** his entire senior year to the duties of class president. These duties included major decision making and the initiation and planning of activities. He also had to make sure that everything was carried out to its full potential.

KNOTABLE KNIGHTS

1

Knights receive awards of honor

1) FRED SAWYER and JENNY MEEK have been on the track team for four years and are co-captain and captain of their respective teams. They have received awards for their accomplishments: Jenny for the high jump and hurdles; and Fred in the 220 and 440.

2) TINA KUUSIK has been a part of the girls swim team for four years. She holds school records in the 200 and 500 freestyle, 200 individual medley, and 100 butterfly. JOHN FLEMING, who competed as a swimmer in the 200 and 500 yard race, was chosen for his hard work and outstanding performances.

3) JOHN SWANSON, president of Roundtable, and CONNIE MERRILL, have earned themselves sparkling reputations. Connie is credited with organizing all major student activities like Homecoming. John proved himself an all-around good leader who risks all for the benefit of the students.

4) BARTON CRAIG was a representative in the Marquette University High School Super Bowl Debate. NICK McCACKEN won the league debate championship in 1979. Both have won the state championships in extempore speaking, Bart in 1979 and Nick in 1980.

1) The two players recognized for Knotable Knights in varsity basketball are **CAROLYN HOWELL** and **MIKE KENEALY**. Carolyn has been in the basketball program for four years. As a co-captain and point-guard starter in her senior year, she received all-league honorable mention. Mike has been a starter for two years and was team captain in his senior year. Being the "leading scorer and best defensive player" on the team earned him the honor of all S.M.A.

2) **SUE SEVALD** has been an asset to Kimball's gymnastics team. She has been a member throughout her four years here, and this year is team captain. Although she is an all-around gymnast, Sue excels in vault and bars. She has qualified for State Regionals in this category for two years in a row.

3) Usually a manager is not considered for a Knotable Knight nomination, but the football, basketball, and baseball coaches felt that **KURT SCHLAU**'s contribution to the teams was a special one.

4) **FAYE SCHILKEY** has been on the tennis team for three years and she is a varsity letter winner. She was number one in doubles for two years and also a quarterfinalist for those two years in the S.M.A. and Regional tournaments. Faye has an 85 percent winning record.

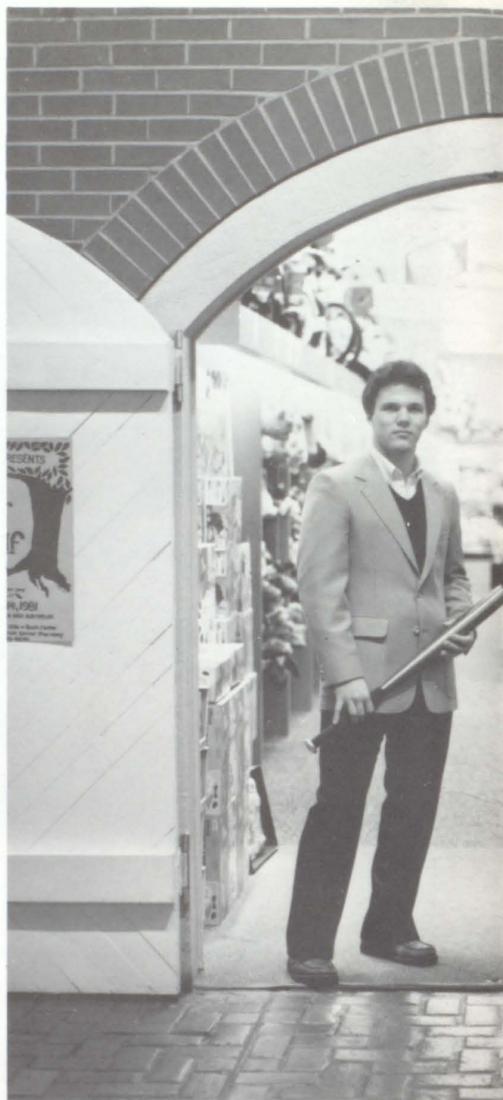

5) **TIM STERLING**, picked as Knotable Knight in choir and cross country, has been an extremely active student his past four years. He has been a madrigal singer for three years, and in the a'capella choir for four. He was also the 1980-81 secretary and treasurer of a'cappella choir. In cross-country, Tim was all-league in 1979-80, and co-captain in 1980.

1) The co-captain of volleyball, **KATHY HULL**, has been a three-time letter winner in the four years she has been playing. She was awarded an S.M.A. honorable mention for two years, and all S.M.A. her senior year.

2) As concert master of symphony orchestra, **KAREN ROSSLIP** has shown her talent and dedication. She has put eight hard years of practice into the violin. She has also served as co-captain of the flag rank, of which she has been a member for the past three years. **ROD WILKS** is band's Knotable Knight, and for good reason. For four years he played trumpet in the marching and stage bands. He has been a member of the a cappella choir for four years and accompanied the choir on the piano and trumpet. Rod has gone to all solo-ensemble festival competitions where he received eight first ratings and three second ratings for trumpet.

3) **JOHN BUDZINSKI** is the starting first baseman this year. He lettered in his first year and led the team to the S.M.A. and state runner-up. He is known as a driving force behind the team's success, his .325 batting average explains why. **CAROLINE COLE** has been on the varsity softball team since her freshman year and has lettered three times. Her batting average is .325 and her fielding average .933. She has also won all S.M.A.

4) This year two people were elected for the drama category: **JENNY SCHLEEF** and **JEFF TOENNIGES**. Jenny is a four year member and has worked on many committees and played roles in many of the shows. She was one of the stars of "Comedia" and was the director of three workshops. Jeff has been a three year member and has served on many committees and as president of the Thespians this year.

5) **LINCOLN HERWEYER** has participated in two years of track and is a three year letter winner in wrestling and football. Lincoln is an outstanding young man who works hard to succeed in everything he attempts, which won him knotable knight for football.

1) **KATHY ROY** has contributed to the Synchronized Swimming club enormously, as she choreographed eight numbers. They included a senior duet and sextet. She is a four year member and vice-president this year.

2) **ROSE FLEISCHER** has been a cheerleader for four years. Three of those years she has been a captain of her squad. She has made up cheers, chants, and has contributed to the choreography of some of the squads routines.

3) **PAUL SEYMOUR** holds a 50 percent pin record, an outstanding achievement. He has put in four years on the varsity wrestling team and this year served as captain.

4) **DEBBIE HOUGHTBY** has served as the dedicated editor of the 1981 *Lancer*. She put in long hard hours after school and has made this yearbook one to remember. Through her skillful writing she also became a member of the Quill and Scroll, an International Honorary Society for High School Journalists. **STEVE CUNNINGHAM**, *Herald* editor, has worked to put together a school newspaper that everyone will want to read and be a part of. The success of the *Herald* was due to the time and effort that Steve has devoted to putting out a quality school newspaper. He is also a member of the Quill and Scroll.

5) **TAMMY MATTHEWS** has been enrolled in Kimball's art program for four years. The Art Department feels that Tammy's interest and dedication extend far beyond the average student. She is highly creative and has grown considerably in her mastery of the subject.

6) **KRISTEN LETOURNEAU** was vice-president of the Dance club for 1980-81, her fourth year in the club. One of her many contributions includes helping choreograph the annual Dance club show.

Many long hours have been put into the production of this year's yearbook. I would like to thank Kim Rider from Modern Yearbook Company for all her ideas and support along with Jan Smith and everyone at Bill Williams Studio. I would also like to thank our yearbook advisor, Mr. Rosen, and those people on the staff that have devoted time during and after school to produce this book. Most importantly I would like to thank you, the students, for your support in making this year's sale successful. It was extra work putting in the underclassmen but it all paid off. I wish the best of luck to the graduating class of 1981.
